

DORMINGTON AND MORDIFORD GROUP PARISH COUNCIL

Environmental and Sustainability Policy (adopted July 2020)

Policy Statement

The Parish Council is committed to preserving and protecting the environment by adopting an environmental and sustainability policy.

Aims

Dormington and Mordiford Group Parish Council is committed to protecting the environment and the natural heritage of the Parish and recognises the importance and value of this environment and its contribution to quality of life for the villages and wider community.

In carrying out its own activities the Parish Council will strive to make a positive contribution to protecting the local and wider environment.

In conjunction with other Parish Councils, HALC, Herefordshire Council, local businesses, community groups, schools and the public, the Parish Council aims to help meet the needs of today's society without compromising future generations' ability to meet their own needs.

Council activities

In carrying out its own activities, where practical and economical, the Parish Council will:

Minimise waste and pollution:

- a. Reducing the use of resources
- b. Re-using materials whenever possible
- c. Recycling when waste is produced
- d. Seek to eliminate the unnecessary use of energy and reduce carbon and greenhouse gas emissions.
- e. Provide information electronically as much as possible.
- f. Avoid and advocate against the use of single-use plastic items.
- g. Minimise the environmental impact of travelling on Council business, where practicable and safe, by, walking, cycling, car sharing or the use of public transport.
- h. Holding meetings by on-line mechanisms such as "webinars" where possible

Procurement

When purchasing services and goods, where practical and economical, the Parish Council will give preference to:

- a. Local suppliers
- b. Options that are environmentally friendly
- c. Products that have been manufactured from recycled materials
- d. Products that can be disposed of in an environmentally sustainable manner.

Contractors and maintenance

The Parish Council will require that contractors, councillors and volunteers who carry out maintenance on Parish-managed land, or on other areas of the Parish at the instigation of Council officers:

- a. Minimise the use of harmful pesticides and chemicals
- b. Minimise adverse impacts on air quality
- c. Undertake the work in a manner that, where practicable, benefits wildlife and the environment
- d. Where practicable use locally sourced plants grown in the UK. In appropriate locations encourage the use of native, wildflower and bee friendly species.

Decision Making

In its decision making the Parish Council will take careful consideration of:

- a. The importance of encouraging walking, cycling and the use of public transport when practicable.
- b. The need to reduce, re-use and recycle to protect resources
- c. The need to avoid adverse impacts on air quality
- d. The need to conserve and improve natural habitats
- e. The need to protect vulnerable and protected species
- f. The need to conserve the natural beauty of its woodlands, Commons and surrounding landscape.

General

Where the Parish Council has the opportunity, in a way that is both practical and economic, it will:

- a. Encourage a 'Plastic Free¹ Dormington and Mordiford Parish' by discouraging the use of single use plastics within the parishes and encouraging businesses to use alternatives
- b. Discourage all forms of littering, particularly dog fouling, including around open areas used by families and children
- c. Encourage the conservation and sustainable use of natural resources.
- d. Encourage reduction, re-use and recycling of resources within the Parish.
- e. Encourage the use of materials and systems that improve energy efficiency of developments, both new-build and changes, to reduce greenhouse gas emissions.
- f. Encourage new-builds and changes to be nature friendly, located close to public transport and amenities, to provide electric vehicle charge points, and encourage the provision of cycle lanes.
- g. Encourage local action in support of the environment
- h. Highlight the importance and value of our local environment and its contribution to our community's quality of life
- i. Ensure the nature conservation value of the Parish's Commons, woodlands, and surrounding landscape by encouraging maintenance and enhancements.
- j. Recognise the importance of trees, hedgerows and deadwood, as an essential corridor for the movement of wildlife, and a support for animals and plants.
- k. Maintain the Public Rights of Way (PROW) to foster and encourage biodiversity whilst still meeting the legal requirements to clear them to the required widths
- l. Encourage any person or organisation carrying out works in the Parish to do so in line with this policy.
- m. To use the Climate Change Compliance Checklist as per Herefordshire Council Core Strategy Policy SS7 and SD1- Climate Change Measures compliance checklist
(<https://www.herefordshire.gov.uk/downloads/file/21421/ss-sd1-climate-change-compliance-checklist>)

NOTE:

Guidance is needed on how to comment on Planning Applications (e.g. specific references to Hereford's Sustainable Planning Guidance, Building Code Standards, Insulation levels, building materials, drainage/run off design, rainwater harvesting, renewable energy generation, solar gain from windows etc; the value of trees and plants). Further guidance is available on Herefordshire Council webpages:
